

Cool Japan and Korean wave (Nichiryu and Hallyu) in the World

Section 1

Instructor/Title	Prof. Ingyu Oh
------------------	----------------

【Course Outline / Description】

This course is an overview of how the Cool Japan (Nichiryu) and the Korean Wave (Hallyu) have changed the global mass media and popular culture market. The course will provide students with a theoretical foundation with which they can tackle the cultural and social principles of pop culture, pop culture industries, and the globalization of the cultural industries. This course also examines the way new social media are changing the entire entertainment industry not only in developed but in developing countries as well. The course will introduce Manga/anime, J-pop, J-drama, K-pop, and K-drama as its main case studies.

Section 2

【Course Objectives/Goals/Learning Outcomes】

Upon completing this class, students should be able to:

- Analyze and explain the key features of East Asian pop culture industries
- Identify the principal actors, institutions, structures, and norms that shape the global phenomenon of East Asian pop culture
- Engage in basic research tasks using online databases and other resources
- Construct arguments, using data/evidence appropriately

Furthermore, this course is designed to help students:

- Develop thinking, learning and communication skills;
- Develop skills in identifying, accessing and evaluating sources of information;
- Promote curiosity and life-long learning.

Section 3
