## ☆Course Policies:

1. It is critical that students attend classes regularly, and you must be on time for classes. Be in class by the time the start bell rings. If you are late for class or miss class, it is your responsibility to contact the instructor to find out what you have missed and what you need to do for the next class.
2. **NO MAKE-UP vocabulary quizzes/lesson tests will be given.** In case of unavoidable problem, inform the instructor in advance. (Absence owing to serious illness accompanied by a medical certificate may be taken into consideration.) **The Final Examination schedule will NOT be changed for any reason.**
3. After you see the results of your lesson tests and exam, you will have to return them to the instructor. All the tests and exam will be kept by the instructor.
4. Written assignments must be turned in **at the beginning of class** on the due date for the full credit. If you turn it in the late assignment by the next class, you will receive half credit, and no credit will be given after that.  
If there are many blanks or mistakes, you will get “R” (=Re-do) mark. If you get the mark, you have to write the correct answers on a different sheet and hand it in with the original page by the next class.
5. Do not use your cell phone in class. Please keep it in your bag.

## ☆A Few Words of Advice:

1. Make sure to keep up with daily preview, review, and assignments. **You are expected to read the grammar explanations in the textbook beforehand.** Come to class well-prepared for effective learning.

2. Memorization is the key to become a successful language learner. To memorize vocabulary and symbols, read aloud and write them many times. Also, make sure to learn them in context; you must know how to use them. Try to make your own example phrases/sentences.
  
3. Use audio materials and useful online materials for your practice:  
Drill practice with audio materials is very important to improve your pronunciation and accent as well as the grammatical accuracy and listening skills. Practice vocabulary, dialogues and drills (🎧) in each lesson by yourself before/after class. Try to mimic Japanese sounds and intonation patterns as accurately as possible.
  - Examples of self-study materials on the web: <http://nihongo-e-na.com/eng/>

  - Class materials (PowerPoint files) will be available on the **Blackboard**.  
<https://lms.kansai-gaidai.ac.jp/>
  
4. BE ORGANIZED. Check the schedule every day, and file handouts, assignments, etc.
  
5. Try to maximize your exposure to Japanese language and Japanese people outside the classroom. Think about various situations in which you can use the expressions you have learned in class and use them.
