## [Course Outline / Description]

This course is designed as an early-to-intermediate stage of advanced Japanese for those who have mastered intermediate-level grammatical constructions and do not have any difficulty in daily conversation. The level of the course is suitable for students whose proficiency is at around Level 2 or slightly higher of the Japanese Language Proficiency Test (JLPT) administered by the Japan Educational Exchanges and Services (JEES). In this course, students will be exposed to more formal and/or academic topics such as educational systems, business operations, environmental issues, etc. to achieve higher ability in comprehension of both spoken and written materials in modern Japanese. Students will also have an opportunity to improve their colloquial knowledge of contemporary Japanese with attentive and intensive listening to audio-visual materials. The course will be spent on discussions, speeches, debates, and/or projects, acquiring not only N1-level grammatical structures but also advanced vocabulary and idiomatic expressions. Prerequisite: Students must obtain D- or higher in Japanese Level 6 or its equivalent. Students who have not completed Japanese Level 6 at Kansai Gaidai University must take a Japanese language placement test.

2) Students will be able to use more appropriate expressions of politeness and honorifics, depending on the scene or situation in which they are speaking; and

3) Students will be able to make a presentation and/or conduct a debate about more formal and/or academic topics.
